This has everything for a quality lifestyle for over 55's. In the Village Centre, residents are able to enjoy an indoor heated swimming pool and spa and a range of recreational facilities including a library, card room, hobby room, a billiard room and indoor carpet bowls. A public golf course is located opposite the village. There is also a comfortable lounge area, complete with piano, and a lovely dining room.

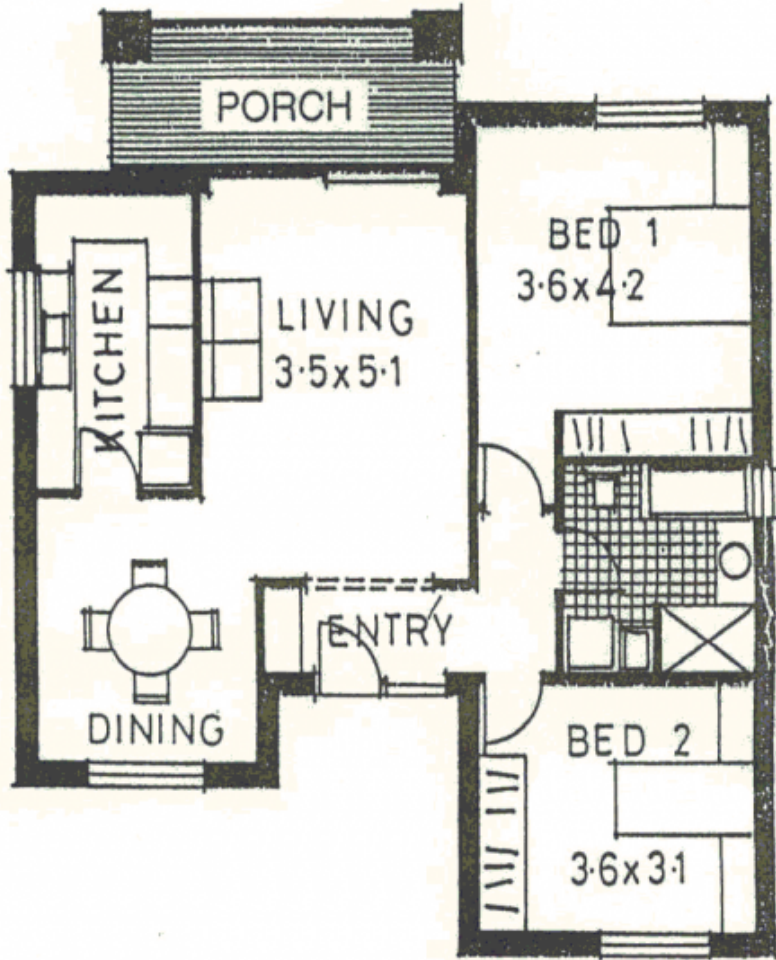

The village bus provides transport to local shopping centres, supplementing the regular bus service which runs to Turrumurra Station and also has a daily direct route to the City.

A lovely leafy outlook makes this top quality living and
